

# TGIF MANAGER SPOTLIGHT WEEK 1:

## Allen Boyd, Director of Financial Operations

Outpatient Medical Center is excited to welcome Allen Boyd as the newest member of its executive team. Allen joined OMC in July and has already spent two months diving into his role as Director of Financial Operations.

From day one, Allen has been determined to make a meaningful impact and has wasted no time getting started. When asked about his department's goals and how they align with OMC's patient care mission, he shared saying, "I am laser focused on the Three-Year OMC Strategic Health Plan, specifically, accomplishing unmet goals. Financially, we want to

have a clean audit in fiscal year 2026, with no repeat findings. We also want to markedly improve program income, by measuring the timeliness and accuracy of billing and collections and establishing benchmarks for accountability."

When it comes to leadership, Allen brings a servant-leader mindset and a coaching style looking to empower his team. Allen speaks on this saying "I want to make sure my team has the tools they need to do their jobs, but I also try to help them understand the specific techniques and subtle thought processes that go into making a winning finance and billing team. I challenge my team to produce accurate, timely, and relevant results, and to stay compliant with OMC policies and procedures."

And here's a fun fact you might not expect: Allen is a proud member of the Krewe of Tucks; one of New Orleans' most beloved Mardi Gras krewes known for its humor, satire, and "Animal House" reputation. For the past seven years, he's helped bring the party to life!

"Every year, I prepare around forty custom decorated toilet brushes and plungers to hand out on the parade route. We parade on the Saturday before Fat Tuesday, and produce 36 floats, with over 2300 riders. Our charitable foundation supports Children's Hospital and Magnolia Community Services." So, if you find yourself in New Orleans this February, keep an eye out because you just might catch Allen tossing beads!
