Until Filled

Chief Financial Officer OMC is seeking a qualified financial leader to join our executive team and oversee our path to compliance and organizational excellence in compliance with federal grant requirements and regulations. The CFO has primary responsibility for planning, implementing, managing, and controlling all financial-related activities including the development of strategies to achieve financial goals and objectives. Provides leadership and coordination in the administrative, business planning, accounting, and budgeting efforts of the organization. Assure required financial reports are properly and accurately prepared for Board of director meetings and finance committee meetings. Contact CEO|CMO for additional information by emailing hr@outpatientmedical.org.
