

**OUTPATIENT
Medical Center**

*Put your hands up for
the COVID-19 Vaccine!*

WHEN ARE YOU UP TO DATE?

- If you are 65 or older or immunocompromised, you can get an additional updated (bivalent Pfizer/Moderna) vaccine dose at least four months after your initial bivalent dose.
- Everyone ages six years and older should get an updated (bivalent) booster dose.
- You're up to date on COVID-19 vaccines if you already received an updated bivalent dose since they became available in Fall 2022; you're not currently eligible for another dose unless you're 65 and older or immunocompromised.
