HEALTHCARE FOR ALL
INCLUDING THE
UNDERSERVED

WHY US?

OMC is a Joint Commission Accredited family of clinics, with locations in Natchitoches, Leesville and Tallulah. OMC has been providing care to our communities for over 40 years.

We provide affordable and comprehensive care to insured, underinsured and uninsured patients. We offer discounts for low income based on financial status.

**Because caring for
you is what we do!**

-OMC Team of Helping Hands

OMC CARES FOR YOU AND YOURS

OMC was awarded Joint Commission accreditation in all areas, which include: Primary Care Medical Home, Behavioral Health and Human Services and Ambulatory, Health Care.

Accreditation by the Joint Commission is a recognition that sets an organization apart and indicates that they utilize the highest standards in health care. Clients, patients and their families can be confident they are receiving high-quality treatment when seeking care from a Joint Commission-accredited organization or program.

CARING FOR YOU

Primary Care

Our team of health care professionals are here to provide primary care, preventive health screenings and chronic disease management.

Behavioral Health

A Psychiatric Nurse Practitioner and counselors are on hand to provide mental health services to persons with mild to moderate mental health conditions such as anxiety, depression, and many other stress and adjustment disorders.

Dental Care

Outpatient Medical Center has resumed its Dental Services in their newly updated Dental Clinic and will provide basic dentistry to patients of all ages.
